

ACTION TAKEN REPORT ON THE OBSERVATION OF FEEDBACK OF THE STUDENTS

Being a state government university, Assam Science and Technology University depends on the Government and other grants for enhancement of infrastructural facility and other developments. So, within limitations the authority has taken steps to upgrade the facilities depending upon the financial position of the fund and procedure. On the basis of the student's feedback analysis, the authority of the university has taken the following initiatives:

S.No.	Observation	Action taken
i	Digitalization of library and availability of sufficient books relevant for the course curriculum.	Digitalization of library is on process and books are being procured for different engineering courses as per the need of stakeholders.
ii	Provision of seed fund for participating in seminar, and conference.	Seed fund will be made available as on when it is accumulated through various sources.
iii	Provision of innovation grant for research projects.	The grant will be provided as per availability of fund.
iv	A proper place with logistics support for research documentation.	Research documentation centre will be established along with the central library.
v	Access for journals for research.	Journals will be procured by the university as per the demands of students and availability of funds. Meanwhile, e-books and e-journals are available on the platform of Developing Library Network (DELNET).
vi	Need of advance research equipment.	Research infrastructure developed under TEQIP-III Scheme of MHRD. Further development will be done as per availability of fund.
